

Stephen Paul Dawson

Chief Counsel

Chief Financial Officer

Executive Vice President

Steve's duties include working in issues involving the Clean Water Act, business development, financial oversight and other client requirement functions, particularly in areas that include legal and background data research.

He is currently finishing his L.L.M. in Environmental Law at George Washington University Law School. His thesis is on the Environmental Protection Agency's use of administrative compliance orders for Section 404 permit violations after the Supreme Court's Sackett v. EPA decision.
